CD's Corner

Chapter S just returned from a great Memorial Weekend adventure into the wilds of North Carolina. Big Lynn Lodge went out of their way to make us feel welcome, cooked some great meals, and held off the rain so that we could enjoy several days of riding the twisty and winding roads. I think the Lodge has a lot to offer for the price and so there may be another weekend planned in the future. You never know where you might sight a camel grazing in a pasture!

Summer is arriving in Georgia and the restrictions are starting to lift; so we can come out of hibernation from that dreadful Covid 19. Remember to check our webpage, Facebook page and emails for upcoming and impromptu rides as the weather allows. It's time to change that oil, check the expiration date on your helmet, change tires and shine up your rides. Hey, hey, hey! Chapter S is now on the move! Come join us!

Quick Tips for riding in the heat:

1. Watch very carefully for signs of Heat Exhaustion and Heat Stroke—*cramps, nausea, headaches, extreme fatigue, flushed/pale skin, dizziness, heavy sweating.*
2. Bring more water than you think you'll need and stay hydrated—*before you ride and during.*
3. Include stops on your route where you can cool off and get out of the heat—*a convenience store walking coolers makes a great place to cool down quick!*
4. Dress properly and keep your skin covered—*Exposed skin are harder to cool as rushing air evaporates faster leading to dehydration.*
5. Wear a cooling vest—*water soaking or phase insert pack types.*
