Chapter Gathering: 1<sup>st</sup> Tuesday of the month, meet at 6:00 PM, eat at 7:00 PM, El Centinela, Winder, Georgia. Our next Gathering is scheduled for July 7, 2020

### CD's Corner

The heat of July has melted into August. A new month has arrived despite the world being closed down. Social distancing and wearing masks in public have become the new normal. Rallies across the south have cancelled leaving open spaces on our calendars. The heat of the day with threats of thunderstorms makes for shorter riding times. Of course, we are now in hurricane season with lots of churning in the Atlantic.

At least, the Georgia Ride In is still on the books for October 8<sup>th</sup> through the 10<sup>th</sup>. You still have time to make reservations at the Gateway Inn. There will be three days of great mountain riding with lots of scenery, twists and turn. Take this down time to get your bike ready, such as, new tires, brakes, wash and wax it to a shine.

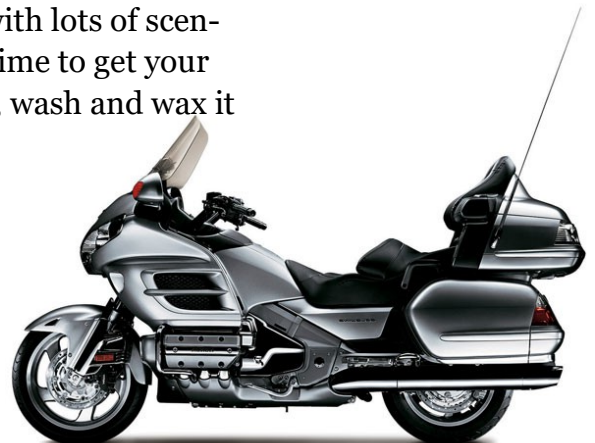

Hope to see you all soon.

Ride Safe!

## Goofy's Adventures

Hey, Chapter S, I want to go visit with someone else this month. I regret not going with Carlos for the summer. Miss Janel stays at home way too much! I did get to go for ice cream on National Ice Cream Day with the Chapter. Janel kept me in the trunk on the ride there so that I did not get too much sun. But it was fun hanging out with everyone that day.

One day we went antiquing and Joe found a clock. After a cleaning he got it running. He said it was a 365 Day clock and doesn't need winding except once a year. Janel showed me how to make a paper piecing quilt block and I hung out with my big Cousin Goofy on the bed while Janel worked on a large puzzle of a beach scene.

As you see, July was rather boring. I refused to wear a mask in public so I stayed home with the dogs. Lucky for me, Archi the Doodle, did not shake or try to tear my arms or legs. So, now it is time for me to travel with anyone else! Please!

## Pro Tips for Riding in the Rain

(From Rider Magazine 2/12/09)

1. Choose a rainsuit that incorporates a breathable membrane such as Gore-Tex, Reissa, Hipora or similar material.
2. Pack your rainsuit on top, not at the bottom of your saddlebag.
3. Watch windshield wipers of oncoming cars to see if it's raining ahead.
4. Put your rain gear on before the rain starts.
5. Wear bright colors for increased visibility to others.
6. Transfer wallet, keys, and other essentials to waterproof outside pockets.
7. Your windshield should be low enough to look over, not just through.
8. Use four-way flashers in heavy rain or fog.
9. Increase your following distance, and watch for tailgaters.
10. Avoid standing water as it can hide potholes and debris.
11. Check tire pressures periodically. Underinflated tires are more likely to hydroplane.
12. Tap rear brake in advance of normal braking distance to alert followers.
13. Gently apply brakes periodically to wipe rotors of water/mud/debris.
14. Watch out for painted lines, arrows, etc. as they can be particularly slip-
